

FATHER KEENAN HERE SUNDAY

Former Rhinelander Student Says His First Mass At St. Mary's Church

The newly ordained priest, Rev. Anselm Edward Keenan arrived here last Saturday morning on the C. & N. W. Father Wuchter awaited him at the depot and escorted him to the parochial residence. It was announced that he would celebrate his first holy mass in St. Mary's church on Sunday morning. At 10 o'clock a procession was formed at St. Mary's school composed of the various Catholic societies. The acolytes and little girls dressed in white, marched to the parochial residence from where they escorted the newly ordained priest and other clergymen to the church. When arrived at the foot of the altar, the choir sang the "Veni Creator" and after the invocation, the newly ordained proceeded to offer up to Almighty God his first holy mass. Father Wuchter, pastor of St. Mary's church, was assistant presbyter; Rev. R. Fassbender, of Superior was Deacon, Rev. A. Meunch, of Milwaukee, was Sub-Deacon, John Becher of this city was Master of Ceremonies. Rev. F. Wehl preached on the dignity of the holy priesthood. His sermon was well received by the vast audience that crowded the church, who received many useful instructions from his eloquent expressions.

The members of St. Mary's choir added much to enhance the devotion of the occasion, rendering sacred music in a most able manner under the direction of Mrs. Flattly. After divine services the clergymen and other invited guests enjoyed the hospitality of Mrs. F. Keenan where a banquet awaited them. All were entertained in a most hospitable manner.

Father Keenan was born Sept. 24, 1885 at New London, Wis., lived at Rhinelander since one year old. He attended St. Mary's school and was the first to graduate from the institution. He also attended the city high school for a number of years. He later entered the college at Granville, Wis., where he completed the classical course. His final term was spent at Chicago, at the Monastery of Our Lady of Sorrows, where he was ordained to the priesthood by His Grace Timothy Casey, Archbishop of Vancouver. He is the first priest who celebrated his first holy mass at St. Mary's church at Rhinelander.

The splendid decorations on the altar of St. Mary's church, the throng of people gathering there on Sunday, filling the vast edifice to overflowing, the number of girls dressed in white walking in procession, the priests, all these are so many voices bearing witness to the high esteem Catholics feel for the dignity of the priest. A few days ago, the Rev. Anselm Edward Keenan, was ordained a priest. He then received the power, to offer sacrifice to God, to forgive sins and to administer the various sacraments. The Bishop anointed his hands to signify that these hands are henceforth consecrated to God, and that they must ever be occupied in the sacred ministry of God for the people. On Sunday last, for the first time he ascended the steps of the altar to offer to God the sacrifice of the mass, the most perfect act of divine worship. This was a day of great happiness for the newly ordained priest, the center figure of Sunday's memorable celebration, the day to which he has looked forward with patience, but also with earnest longing ever since he commenced his classical studies at college. The expectation of the joy and glory of this day has upheld him during the many years of hard trials and hardships of student life. It was a day of joy for his sisters and friends. The whole parish congratulates them on this high honor and enters into their spirit of joy and gladness. All appreciate the blessing conferred on the parish by the ordination to the priesthood of one of its members. (Continued on last page)

MANY NEW SETTLERS HERE

Fay E. Curran of LaFayette, Ind., came here about two weeks ago, with his wife and three children and secured a piece of land in Sec. 1-35-8 from Brown Bros. Lbr. Co., and has moved there and gone to work.

Some of the letters and advertising done in the past two years is beginning to bring fruit now. Mr. Albert Christenson and Wm. Ramsey of Vernon county write that they are going to pack up and start for Oneida county next month. These men have been corresponding with C. P. Crosby for two years and Al. Hafner made one trip to see them, two years ago, when he was working for this firm. These men have been reading and studying about Oneida county all this time and are finally at the point where they can dispose of their Vernon county property and come here with all their possessions. They will probably settle near Harshaw.

Martin Herman, Omaha, is expected here this fall to settle on land he bought near Goodnow last year.

It is said that Mrs. Kate Pier has concluded to put on the market her lands near Harshaw and Goodnow and this will assist very materially in settling up the country.

A. J. Oliphant and wife and Little Margaret of Chicago, are staying on their lands on Soo Lake for a couple of weeks. Mr. Oliphant reports Chicago as being terribly dull on account of the strikes there and says that hundreds of people would like to move to Wisconsin and get onto farms if they had money to move on.

Edward Serres and brothers of Waukesha county who bought 80 acres near Harshaw some little time ago are expecting to come here this summer or fall and do some clearing on their lands. There are four brothers and they can make quite a clearing in a few weeks steady work.

CHANGE LOCATION OF CHAUTAUQUA

On making a survey of the grounds at the city park it has been found by the committee, that sufficient cleared space is not available for the location of the tents for the coming Chautauqua and it was necessary to change to the grounds known as the Keenan park on the banks of the Pelican river near the Northwestern railway.

This is the site selected for the new state normal school should it be located in Rhinelander. It is an ideal location for Chautauqua grounds and the change will in no way affect the attendance as there is but little difference in the distance of the two locations from the central part of the city.

NEW TRAIN IS GREAT SUCCESS

The Watersmeet-Monico "scoot" which has been running through to Rhinelander now for over two weeks instead of laying up at Monico for two hours, is proving to be a great train for this city's business interests as well as a paying venture for the Northwestern Co. Traffic shows a steady increase from points on the Watersmeet branch, many people taking advantage of the opportunity for coming to Rhinelander to trade, the schedule of the train allowing nearly two hours here and a chance of returning home without any waiting at Monico as heretofore.

While the company established this additional run of the "scoot" as a summer arrangement it is believed that it will be found too profitable for them to discontinue it at the end of the three months trial period.

HEIR TO VAST ESTATE

B. Helexon, a Soo line brakeman has fallen heir to half an estate of 10,000,000 Norwegian marks. This will give him about \$1,250,000 in American money.

AUDIT AND BOND COMPANY MAKE REPORT TO CITY

Many Petitions Presented to Council Asking for Various Improvements

The regular monthly meeting of the council was held Tuesday evening, being called to order by the Mayor at the usual time.

A petition for a street light on Alban street in the second ward was referred to the Board of Public Works.

A petition to improve Edgar St. west of Brown street was referred to Board of Public Works.

The application of Carl Olson for appointment to position as city engineer and superintendent of water-works was placed on file.

A new ordinance to regulate automobile driving was presented and

ordered published and will come up for adoption at the August meeting.

C. A. Conno's replat of Mill Lot E was accepted.

Petition for light on Itasca street and a sewer main on Wabash street was reported on favorably by the Board of Public Works.

Fire Chief Cole was authorized to attend the State Convention of Firemen at Marinette at city expense.

The usual number of bills were allowed.

The following report was made by the Audit and Bond Co., which has been checking over city records for several weeks:

July, 6, 1915.

To the Board of Public Works, City of Rhinelander, Wis.:

Gentlemen:

Under and in conformity with the provisions of our agreement and contract with the city of Rhinelander, through your Board, duly authorized by the Common Council of said city, we desire to make a preliminary report of the progress made in our examination and the results obtained; which examination begins with the fiscal year 1911 and ends with the fiscal year 1915.

We have thus far made an analytical abstract of the receipts and disbursements of the city for the period mentioned and have set up in analytical form against the abstract the true receipts and expenditures as shown by orders issued for various purposes, such as city orders, school orders, library orders, etc.

The results of our examination, to this date, are herewith given, in detail, as shown by the statement shown on the next succeeding page hereof.

In this connection, we desire to inform the committee, that there are yet further sources of income and disbursements to be investigated, and, which for want of sufficient time we have not as yet investigated.

In our examination of the affairs of the City Clerk we desire to report that we have discovered only a few clerical errors amounting in the aggregate to the sum of two dollars—but that the examination for the full period has not yet been completed.

Total discrepancies.....		\$5793.91

We desire to report that of the above amount of discrepancies, there has been deposited in bank to the credit of the city, as shown by the Treasurer's pass books the sum of \$3500.00.

As per your instructions of July 2, 1915, we have begun the investigation of the fiscal years 1909 and 1910, but only having had a few days in which to give to the work, we have been unable to progress very far in this work. However, during this brief period of only one and one half days we have discovered a discrepancy of \$150.00 which will have to be accounted for by the City Treasurer.

This is a preliminary report, made for the purpose of advising the Board of Public Works and the Common Council of your city of the progress of our work.

All of our work is being done under the supervision of the Board of Public Works and subject to their orders and directions.

We would recommend to the Board of Public Works that the following resolution be adopted by them and submitted by them as a part of their report to the Common Council:

"It is the sense of this Board that the financial affairs of this city should be checked and audited for at least the period beginning with the year 1906 down to date and the Audit and Bond Company of America is hereby instructed and directed to extend their examination back so as to cover the full period, beginning with the year 1906, and down to date."

In taking a number of years together it will save time and expense to the city. In executing the work under a contract covering a period of say ten years, the same can be accomplished in a shorter time, and such examination will give the tax payer a better general idea of the receipts and disbursements of the city for the period and in a concrete form, and for comparison purposes will be very valuable and useful to the different Finance Committees.

Under the present contract we have consumed 58 actual working days, which, at the rate under the agreement will amount to \$725.00 up to July 4, 1915.

We would respectfully request that your Common Council authorize the issuance of a City order for the sum of \$500.00, in our favor, on account, for services rendered.

Respectfully submitted this the 6th day of July, 1915.

AUDIT & BOND COMPANY OF AMERICA.

HEAVY TRAVEL TO THE NORTH

In spite of the cool and unseasonable weather that has prevailed throughout this section the past month, summer resort owners, almost without a single exception, report that their business so far this season has been fully as good as in previous years at this time, when the torrid waves would sweep across the country and drive sweltering humanity from the large cities to seek relief at the lake side resorts of northern Wisconsin. So far this year no section of the country has suffered from extreme heat, but nevertheless the resorts have prospered.

On the Northwestern road Saturday, Sunday, Monday and Tuesday the night trains north and both night and day trains south bound consisted of from ten to fourteen coaches, but with few exceptions even with these heavy loads they made their schedule time.

The Soo line has also had an increased passenger business the past week, but as this line is not in direct touch with the resort section it does not come in for so large an increase in this class of traffic during the summer.

TWENTY DAYS FOR LARCENY

Louis Brown of Jennings pleaded guilty before Judge Smith on Saturday to a charge of larceny and was given a sentence of twenty days in the county jail. Geo. Afelt, who was arrested on the same charge will appear in court later.

On complaint of Harry Shafer a warrant was issued for the arrest of W. S. Peterson on a charge of obtaining money under false pretenses. The case has not yet been brought to trial. Peterson early in the spring obtained orders from many residents here for enlarged portraits and it is alleged that he failed to deliver the goods in some instances.

LONG FELT WANT FILLED

The Rhinelander Boat Livery recently opened by Messrs. Johnson and Anderson is proving a successful business venture for the two gentlemen interested as well as filling a want long felt by our citizens, many of whom scarcely realized the opportunity afforded by the river here for enjoyable boating owing to the inability heretofore of securing boats for hire. Fishing in the river has been unusually good this year and many fine catches of pike and bass are reported daily and a number of muskallonge of good size have also been taken from the Wisconsin river since the opening of the season.

SCHOOL CENSUS BEING TAKEN

R. G. Robertson, city clerk and secretary of the Board of Education has commenced on the work of taking the annual school census of Rhinelander. He will complete the work about the middle of next week. It is expected that the figures will show quite an increase over those of a year ago as many new families have moved into the city during the past six months.

NEW POTATOES FROM GARDEN

E. S. Shepard reports that he had some of his famous Paul Bunyan Blue potatoes from his garden this week. Mr. Shepard has grown this early variety for several years and each year has met with great success. They are always several weeks ahead of anything in the line of tubers grown in these parts.

Mrs. Paul Phillo was removed from St. Mary's Hospital to the Phillo home the first of the week. Her condition is very much improved which will be good news to her many friends here.

SANE FOURTH PROVES SUCCESS

Many Strangers Spend the Day in City—Governor Philipp Here

The Fourth of July celebration held in Rhinelander this year, which was in charge of Co. L, was carried out without scarcely a change from the program as published in this paper last week.

The weather the early part of the day Monday, was cold and gave all indications of rain before night but shortly before noon the clouds cleared away and the afternoon and evening was all that could be asked for an ideal celebration.

Gov. Philipp, Insurance Commissioner M. J. Cleary and Speaker Whittier of the assembly, were on the program for the day. The trio arrived in the city on the morning train and were met at the depot by a committee of citizens and in the afternoon spoke before the largest crowd of people that has ever assembled at the fair grounds. Many residents of nearby places were here to meet the governor, the early trains Monday on both roads being crowded to capacity. In addition to this many came in their autos, there being more strangers in the city than on any previous occasion.

The parade moved from the Armory promptly at 1:15 and it was admitted by all to have been the best showing ever made at an Independence Day celebration in Rhinelander. Many very attractive floats, arranged by the various business firms of the city were in line and the representation of the secret societies in the parade was large. The line of march was from the Armory to Thayer street and across the High street viaduct and down Brown street and to the fair grounds where the program of the day was carried out. To secure seats in the grandstand many went directly to the fair grounds after dinner and on the arrival of the parade at 2 o'clock the room was all taken up and the balance of the crowd contented themselves with standing room in as favorable places as could be found.

The first speaker was Mr. Whittier, who gave a brief patriotic address which was well received. He was followed by M. J. Cleary, also a brilliant orator, and he in turn by Gov. Philipp, who gave a purely political address, speaking for something like one hour and making no reference to Independence Day except to say that this year marked the 129th anniversary.

The review of Co. L by the governor followed at the close of his speech and prizes for the floats were awarded as follows:

For best float the Campfire girls were awarded first prize, and Rhinelander Grange received first prize for the most comical float in line. C. P. Crosby received first place of honor for the best decorated automobile in the parade.

The various races then followed and the names of winners are given below:

100 yard dash by boys under 16 years, Geo. Carpenter first; Carl Tucker, second; Vallie Kuroske, third.

100 yard dash by boys over 16 years, Zene Stroppe, first; H. Irick, second; W. Irick, third.

Slow bicycle race, John Barlow, first; H. Irick, second.

Sack race W. Whittier, first; Irving Hoss, second.

Fat man's race, Jay Russ, first; G. Cramer, second; F. Cramer, third.

Pony race, John Hanson, first; W. Merith, second.

Earl Gilbert made the best showing climbing the greased pole.

In the motorcycle race Fred Teagatz, Carl Nelson and "Babe" Schlottke entered and prizes were awarded in the order the names appear.

A fire run in the evening followed by a brilliant display of fireworks and by dances at the Armory and other halls closed the festivities for the day.

ERECT COUNTY SIGNS

The Wausau Advancement association is preparing large signs to be erected at the county line on the red and white circle routes, which will bear the name of the county and the distance to Wausau. The signs will inform the tourist of his arrival in the county and departure from the county on these routes. Owing to the fact that few counties can boast of as excellent farms and farm buildings as Marathon county, the signs will assist in giving the tourist a better acquaintance with the advantages offered here as compared with those offered in other communities. Other signs announcing the mileage to Wausau will be erected at every five mile interval, thus giving the tourist a firm mental impression of Wausau and Marathon county.

The city of Wausau is erecting signs at the city limits bearing the words, "City limits of Wausau. Reduce your speed."—Wausau Record-Herald.

A good suggestion for other counties from an advertising standpoint.

PROSPEROUS ORGANIZATION TO OBSERVE ANNIVERSARY

On Saturday, July 17, the Scandinavian lodge of this city will celebrate its twentieth anniversary. An elaborate program followed by a banquet for members and their families, will be held at the hall on N. Brown street Saturday evening. The following history of the lodge since the time of its organization up to the present time was prepared for the New North by Andrew Olson, one of the charter members of the lodge:

The history of Lodge 29 S. H. & E. F. of A. by a committee of its charter members.

The Scandinavian lodge of this city was organized July 13, 1893, by John A. Emunson, a member of Lodge No. 9 of this order located at Hurley, Wis. Mr. Emunson was at that time secretary of the Supreme Lodge of the order. He was assisted in the organizing labor by Andrew Olson, member of Lodge No. 1, located at Lapeer, Mich. Mr. Olson located in this city in the spring of 1893 and soon afterwards began to realize that there was a good location for a Scandinavian organization.

The following filed papers to become members of the order. Andrew Olson transferred his membership from Lodge No. 1 to the new

and moved out west the Scandinavian organization, 12 years ago, leased their present location on N. Brown street known as Scandinavian hall.

A more interesting party of young men would be hard to find, they all were working in the same interest and that the S. H. & E. F. of A. The result of their work is well known. But the most of it is: "Do not let the left hand know what the right is doing." Up to January 1, 1913, there have been paid out in sick benefit and other donations the sum of \$8,558.83 and the lodge stands always ready to give a helping hand when even it is needed.

The organization does not claim to be any political party organization, but some of the members have held public offices and still others are holding them at the present time. In the past 20 years since the lodge was organized, the following members have laid down their labor and entered upon an area where they no longer can be followed:

John F. Carlson passed away on the 11th day of November, 1900.
Joseph Peterson, March 20, 1901.
Chas. Berg, August 10, 1901.
Herman Gustafson, Feb. 18, 1907.
Martin Westin, May 10, 1907.
Gustaf Gustafson, Jan. 11, 1908.
Peter Berg, May 3, 1908; died away

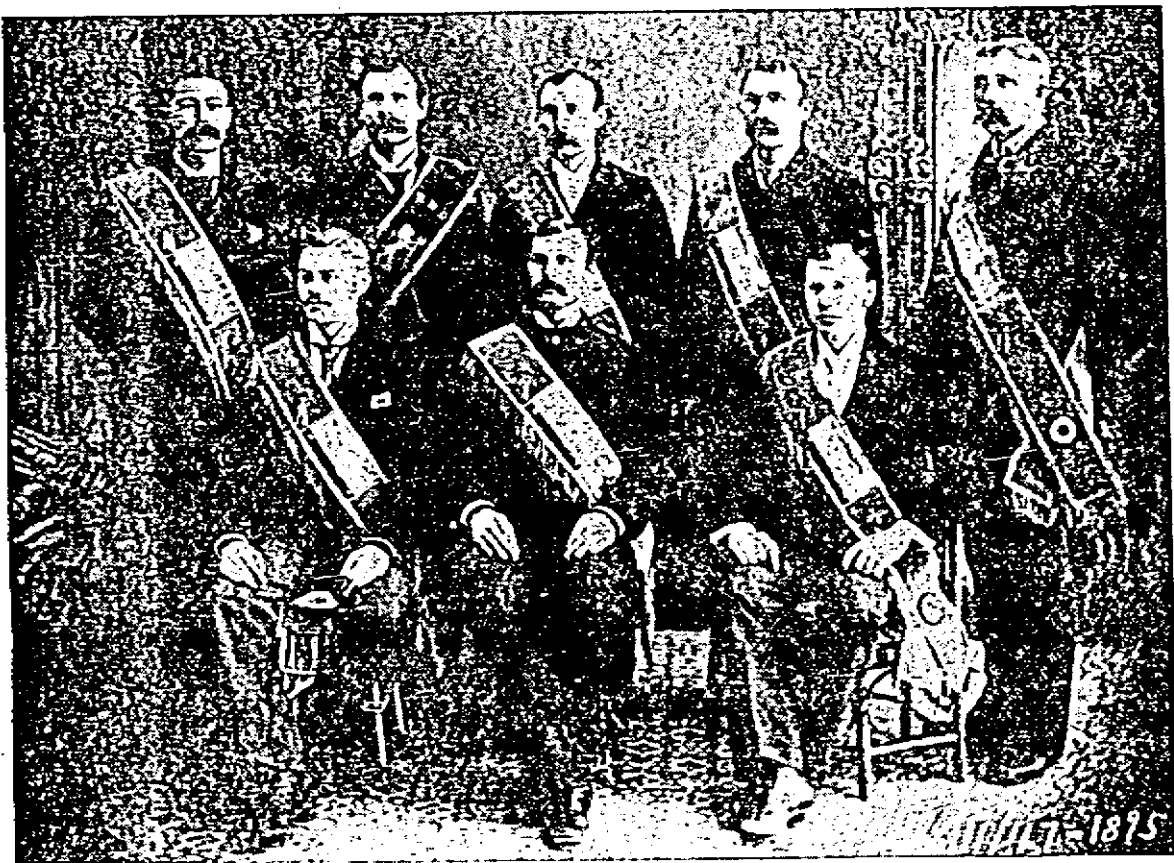

"Broom of Honor". In 1909, the Grand Lodge was called to order the first Tuesday in June by Grand President Oscar W. Samuelson in Scandinavian hall North Brown street, city of Rhinelander, and a grand banquet was served at the Armory. It was one of the largest Scandinavian American assemblages ever held in Rhinelander, with a representation from every lodge in the order and the committee that had the charge of the arrangement are entitled to honor for their work.

The executive officers of the lodge at the closing of the 20th anniversary is given and their picture is given reading from left to right. First row. Second row.

Andrew Olson, Rec. Sec.
John Swedberg, Past President.
Edward Carlson, Vice President.

Thomas Alme, Treasurer.
Andrew Wickstrom, Librarian.
Oscar Fredrickson, Chaplain.
Ursin Johnson, Marshal.
Anton Johnson, Inside Guard.
Hugo Johnson, Outside Guard.
Olaf Goldstrand, Alfred Peterson and August Carlson, Trustees.

At the end of 20 years four of the charter members held offices in the local lodge:

Edward Carlson, President.

Lodge; this was given the name "Northern Light." The other charter members were Christ T. Bakke, Edward Carlson, Axel Johnson, Peter Olson, Thorvald Solberg, John Segerstrom, Andrew Sunne, John Engstrom, Chas. Engstrom, Paul Belkey, Fred Johnson, Andrew C. Danielson, Thomas Alme, Peter Nass, John Strangstad, Chas. Folstad, Hans Rodd, Anton Olson, Christopher Hanson, Edward Peterson, Andrew Wick, and John H. Johnson.

The first set of officers elected on July 13, 1893, their photographs is published here and their names, reading from left to right, first row: second row:

Andrew C. Danielson, Fin. Sec.
Andrew Olson, President.
John Segerstrom, Treasurer.
Andrew Sunne, Marshall.
Chris. P. Bakke, Vice Pres.
Evan Johnson, Tott, Rec. Sec.
John Engstrom, Chaplain.

Trustees were Thorvald Solberg, John Timell and Chas. Folstad.

at Coeur d'Alene, Idaho.
Hans Hansen, August 15, 1903.
Christ Hansen, March 23, 1914.
Peter Nelson, April 23, 1914.
Elias J. Giermstad, May 19, 1914.
Hans Anderson, April 27, 1914.
Gustaf Erickson, May 20, 1914.
John Swanson, November 4, 1914; died at Coeur d'Alene, Idaho.

Two members have held offices in the executive council. Andrew C. Danielson has step by step entered upon the top rung of the ladder of honor in the order, holding at present time the title of past Supreme President.

Andrew Olson held the office of Grand Chaplain from 1899 to 1901. Out of the 22 that entered the lodge as charter members, two are dead, Christ Hansen and John H. Johnson; others have transferred their membership to other lodges of the order out west; seven of them still hold their membership in the local lodge at Rhinelander. Andrew Olson, Andrew C. Danielson, Thomas Alme, Paul Belkey, Edward Carlson, Andrew Wick and Axel Johnson of Coeur d'Alene, Idaho.

Andrew Olson, Recording Sec.
Andrew Wick, Financial Sec.
Thomas Alme, Treasurer.

The total receipts of the lodge in the past 20 years, ending January 1, 1913, \$16,381.83. Paid out and sick benefit and death claims also other free will donations, \$8,558.83.

Hall rent, capital tax, janitor, lights, hall supplies and a monument on our grave lot in Forest Home Cemetery, \$6,809.78.

When the lodge now is passing by the 20th anniversary of their organization and some of the elder members have to lay down their labor, to give a place for the younger generation, it is with the hope that they will guide the S. H. & E. F. of A. to honor, that its members may be good loyal Scandinavian American citizens of the U. S. A.

MONICO WOMAN DIES HERE.

Mrs. Richard Krantz of Monico passed away at St. Mary's hospital on Saturday afternoon, where she had been brought for treatment. Funeral services were conducted at St. Mary's church on Monday with

Solberg's hall on Mason St. was rented from I. O. G. T. lodge which at the time had charge of same. Later the S. H. & E. F. of A. entered into contract with Mr. Solberg for a five year lease of the hall. When Mr. Solberg sold his property

In the year 1907 the lodge had 175 members in good standing. At that time the lodge had the largest increase of members of all lodges in the order and Andrew Shulstrom carried back with him from the Grand Lodge meeting at Eveleth, the

burial in the Catholic cemetery. Deceased was fifty-five years of age and is survived by a husband and family.

STATE OF WISCONSIN, COUNTY COURT FOR ONEIDA COUNTY.

In the matter of the estate of } IN PROBATE.

Mary Peck, deceased. } On Reading and filing the petition of Lyall Peck, administrator of the estate of Mary Peck, deceased, representing among other things that said deceased died seized of certain real estate therein described, and that it is necessary to sell or incumber the same to pay the debts of said deceased, and praying for license to sell the same, and it appearing to the Court that the personal estate in the hands of said administrator is insufficient to pay the debts of the said deceased, and expenses of administration, and that it is necessary to sell or incumber said real estate for that purpose.

It is Ordered, That said petition be heard at a special term of said County Court to be held in and for said County, at the Court House in the city of Rhinelander on the 1st Tuesday (being the 8th day) of August A. D. 1913, at 10 o'clock A. M.

It is Further Ordered, That this order be published at least four successive weeks before said day fixed for the hearing of said petition, in the New North a weekly newspaper published at the city of Rhinelander in said County, and that a copy thereof be served personally on all persons interested in said estate and residing in this County, at least twenty days before such day.

Dated June 29, 1913. By the Court, H. F. STEELE, County Judge.

A. J. O'NEILL, Attorney.

CURED OF INDIGESTION

Mrs. Sadie P. Clawson, Indiana, Pa., was bothered with indigestion. "My stomach pained me night and day," she writes. "I would feel bloated and have headache and belching after eating. I also suffered from constipation. My daughter had used Chamberlain's Tablets and they did her so much good that she gave me a few doses of them and insisted upon my trying them. They helped me as nothing else has done." For sale by All Dealers.

Grand Rapids—
Miss Lottie Richards died at her home here from blood poisoning. About four months ago Miss Richards hurt her foot on a small nail in her shoe. The wound became infected and never healed and eventually caused her death. She was 19 years old and is survived by her parents, five sisters and three brothers.

Ashland—
It is reported that Dr. Witmer, Detroit, and Dr. Dietrich, Dr. Dodd's laboratory, this city, were at Odanah recently testing blood taken from Indians to learn the possible presence of disease among Indians alone and not now known to the medical profession. These doctors expect to make a trip through every Indian community in Michigan, Wisconsin and Minnesota before they make final reports on their findings.

Antigo—
To kill a bear weighing 225 pounds with a club is the unusual feat performed by F. C. Daniels of Wausau near Pickeral lake. He found the bear in a trap and not having a gun with him picked up a heavy piece of wood and struck it over the head. The bear leaped to him, but the trap held it fast and a second blow rendered the animal unconscious.

Hayward—
Dr. L. R. Fowler of Chicago who is a nephew to Mrs. Steve Love of this city, has invented a bomb, over which, according to Chicago newspapers the warring nations are vying with one another for its possession. One paper states that the United States government has placed a special guard of secret service men over the life and the secret of Dr. Fowler, owing to the fact that his life at numerous times has been threatened should he disclose his secret to one of the allies.

Head of New York's Disease-Fighting Force Attacks Main Cause of Human Ills.
Dr. S. S. Goldwater, commissioner of health, is going to try to put New York City "on the water wagon."

He officially declared war on "demon rum" today when he sent to the advisory council of the department of health a mandatory letter calling for the immediate organization of a special committee to put into force a campaign against the use of spirituous liquors in New York City.

Dr. Goldwater said ridding New York of the curse of liquor was the biggest job ever undertaken by a health department and that his campaign would be the first fight on liquor ever waged by health officials. He thought an anti-liquor campaign under the direction of health officials was just where it belongs, for the greatest harm done by liquor, he said, was to the physical well-being of the victims and their families.

"This is a big job," said Dr. Goldwater tonight. "It is the biggest job the health department could undertake. It is not to be a listless sort of fight; I mean business. The time has come when something must be done."

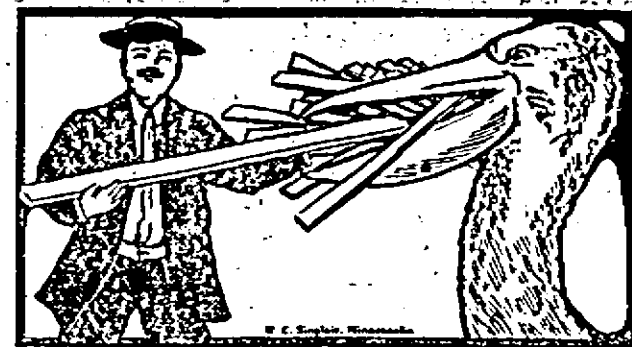

"It is admitted that most of the crime and poverty of the city can be traced to the use of alcoholic liquors. It is no use for us to go on fighting disease and crime, if we don't do something to abolish the chief factor in causation."

Asked if the regulation of the liquor traffic was a duty of the health department, Dr. Goldwater replied: "Anything that affects the health of the people of the city is a subject of concern to the health department."

"There is too much liquor consumed in New York City; there are too many people sick from it. That's enough for me. I don't care at this time to go into a technical discussion of whether a small amount of alcohol is or is not a poison. There is enough used by many people to poison them."

"We expect some opposition, but that won't stop us. We know that physiologically the case against alcohol is strong. A substance which is protoplasmic poison, which lessens the vital resistance, hinders the progress of the community, fosters poverty and all the diseases which spring from poverty, is something the use of which calls for vigorous handling by the department of health. This is to be a real fight."

Women Have Helped Nevada
The women of Nevada did not get all the reforms carried out that they had advanced in their first year of enfranchisement, but the following measures, backed by every woman's organization in Nevada, have been passed since women gained the vote: Mothers' pensions, teachers' pensions, and a law modifying capital punishment. Two other laws just put on the statute books are direct results of women's efforts. One is a provision for kindergartens upon demand of the parents in any community where there are 25 or more children of kindergarten age. The other law insures the equality of mothers with fathers sharing the estate of a deceased child. Previously Nevada's law was like that of New York state in making the father the sole heir of a child when both parents are living.

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; since cases out of ten are caused by Catarrh of the Eustachian Tube, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Entered at the Postoffice at Rhinelander, Wis. as Second Class Mail Matter.

Mr. stockholder of the big plant, how do you like your dividend?

As we understand the money returned by the treasurer to the city must be used for the original purpose and we are pleased that this is so, so that we may be able to reduce our bonded indebtedness.

Many of the citizens seem to have a wrong impression of the work of the Bonding Co. All the books of all the city officers have been investigated for the past four years. The investigation has been confined to all officials.

TRADE IN RHINELANDER

Rhinelanders merchants can give you better goods and at as low prices as the big city catalogue houses. The Rhinelander merchants are helping to boom Oneida county and are more entitled to your patronage than the mail order firms which have no interest in the community. A dollar spent in this county will stay in the county and everyone will thus be benefited.

New York, Chicago, St. Louis—all the big centers have become so, not from the money within, but the money that COMES IN.

That is why the catalog house is an almost overwhelming menace to local interests—the same money cannot possibly be in two places at once.

What happens to a tree when the flow of sap is cut off? The leaves turn brown and fall, the fruit becomes dry and shrivels up, and the tree gradually withers away.

USE WHAT WE HAVE FIRST

A few years ago the council purchased a first class steam roller to keep our streets in repair and, we believe this could be put to excellent use together with the proper use of good grades of crushed stone, but so far most of the people do not know we have a steam roller. Were we to put our road building outfit in use with our present sprinkling system, conditions could not be improved.

It gave us a great shock to hear one of our economy councilman advocate the purchase of a four thousand five hundred dollar street oiling equipment. We believe by vote not ten percent of this city would approve of this expenditure. In the first place no money has been raised for this purpose.

In the second place we believe that the masses would feel a damage to the streets and a nuisance to the pedestrians and automobilists to have our streets covered with this oil if the work were done for nothing. City Fathers let's quit extravaganzas for a while and reduce the city indebtedness.

GOVERNOR SPEAKS HERE

Governor Philipp's address at the fair grounds last Monday was wholly devoted to his own political ideas. In fact, there was nothing on independence day in his talk, lasting a full hour, except what he had done as governor and what he wished to do, mostly what he hoped to accomplish.

Mr. Philipp talked considerably upon the public schools of the state and gave an impression that the management had not been a success. However, he offered a state board of fifteen men, all of his own selecting, to take charge of the State University, State Normals and the common schools. Surely, the governor showed little love for the great public school system. We are fully aware that Mr. Philipp is a man who has had little to do with school matters, his own time having been devoted to building up a mighty corporation and making money.

No man who has watched the governor's career would think of selecting him as head of a great school. Of course, the water power question was ground over again, although Mr. Philipp has failed to convert his own followers in the assembly to his big grab of natural resources by the special law.

Governor Philipp is a very congerial man and seemed to take well from the stand point of a cordial official by all the people of Rhinelander.

MONEY SHORTAGE SHOWN UP

Nothing has so shocked the people of this city during the past fifteen years as the defalcation of our present water works superintendent and city treasurer. Mr. Sutton has held office of treasurer over twenty years and the report of the Audit and Bond Co. of America showing that he has taken \$75,939.1 of city funds during the past four years came like a thunderbolt from a clear sky. Again it is the case of a man diverting the people's money for his own purposes with disastrous results. We were surprised after the results of the investigation of the Audit and Bond Co. of America. We are dumbfounded that a single councilman should attempt to stall off a complete and extended investigation of Mr. Sutton's previous years in office, but thank fortune, enough councilmen saw conditions in the right light so, without doubt, we will get a check up of Mr. Sutton's whole time in office. We believe the tax payers demand this. It is with regret that we are compelled to urge this of a long respected citizen. We go further and urge upon Mr. Sutton an immediate resignation and if he does not do this, some one should appeal to the Mayor to suspend him until the next council meeting, when he should be removed. Mr. Sutton's presence at the city hall must necessarily be an embarrassment to the men from the Bonding company doing their work, also must necessarily bring great depression upon Mr. Sutton himself. The Bonding company should be unhampered in their work.

Some of as fine strawberries as has ever been sold in the city have been offered by local dealers this week. They come from growers near Three Lakes and Monico, two localities that in previous years have shown that Oneida county is well suited for the growing of strawberries and other fruits.

Mrs. G. D. Jones entertained a number of her friends informally on Thursday for Mrs. Fay Marshall of Rhinelander. The company enjoyed the afternoon on the spacious porch of the Jones' home. Some of the guests played auction while others visited and sewed. A five o'clock supper was served.—Wausau Pilot.

TAINTED POLITICS

By Peter Radford.

This country is suffering more from tainted politics than from any other malady at the present time. There is scarcely a campaign speech made, a platform demand written or a measure enacted into law that does not carry the taint of personal gain of some politician or political faction thereof.

There is more "blue sky" in campaign promises of many politicians running for office than was ever contained in the prospectuses of the boldest promoters of chimerical business schemes. There are more secret combinations formed by politicians in the name of "My Country" than were ever formed under any and all other aliases. There are more political rebates hidden in the phrase "Be it enacted" than were ever concealed under any and all other disguises.

The inordinate thirst for political power and unrestrained passion for mastery has caused more distress in this nation than the greed for gold, and it ought to be regulated by law. No business combination ever pursued their competitors as relentlessly or visited more heartless cruelty upon their customers than a political party that seeks to make junk of an industry, or cripple a business for party success, through tariff measures, political supervision and oftentimes destructive legislation. Many political platforms are as alluring to the voter as the story of the rainbow with its pot of gold and their consummation about as far-fetched. Self-gain is the first law in politics. There are many men in office today who, if they could not shake plums off the tree of American liberty or cut a melon taken from Uncle Sam's commissary, would have less desire to serve the public.

The country is surfeited with patriots, who will bare their breast to bullets in defense of their country, but there are few men in public life who will bare their breast to voters or run the gauntlet of party distaste in defense of agriculture or industry. No representative of the people, who will permit personal prejudice to de throne justice, party success to disfranchise reason or the rancor of a political campaign to influence judgment can render capable service.

The preservation of our prosperity depends upon wisdom, courage and honesty in government, and the American voter should seek these attributes as implicitly as the Wise Men followed the Star of Bethlehem and they will often be found to rest over the stable; the glow or the staff of the Shepherd. The surest cure for tainted politics and machine rule is fresh air and sunshine and these important elements are most abundant upon the farm, and when farmers, bankers and merchants are elected to membership in legislative bodies, much of the trouble in government will disappear.

Height of Sea Fogs.

The height of fogs, on both land and sea, varies with the conditions. Sometimes they are not much higher than the masts of vessels, and again they may extend to a height of hundreds of feet.

COMMUNICATION

Monday, towards evening, the girls of Sun Flower Cottage on Pelican Lake sighted a balloon slowly descending, and scrambling into a motor car started in pursuit. As a reward of their capture received attached thereto, an "Are you an adventurous maid" enquiry, artistically printed by fountain pen on the back of a check book stub, signed Bert Wall, at Tomahawk Lake. The balance of the name having been burned off. Stone age stuff? maybe. But you ought to hear the verse.

Promptly on Tuesday the girls gamely called the Chicago bank on long distance phone and were informed that the holder of the check book is B. W. Woltze. Some sleuths in our midst we think. Since the entire party (or all that could crowd into the machine) had a hand in the capture of the balloon, the young people agreed upon the selection of the prettiest and most clever in their midst to "do honors" for Sun Flower Cottage. Miss Grace Dorsey is the happy "adventurer" who will start in quest of the dashing lad of Tomahawk Lake that uses bank note paper for correspondence and wishes to know if the recipient is a pretty maiden with adventure tingling in her blood.

Said Miss Dorsey, leaning way back in a rattan rocker, her knees hunched up underneath her chin and her hands clasped around them, looking over the pine tree tops across the lake, with a knowing twinkle in her deep blue eyes: "Wonder if romance lurks over yonder. I know it will most thrilling." "A penny for your thoughts, Grace, dear," piped in a little auburn haired slip of a girl. Whereupon "Grace, dear" threw her hands up in horror, exclaiming "A penny?" PANSY.

AROUND THE CIRCLE

Miss Myrtle Roecke spent last week at Pine Grove farm in the town of Pelican at the home of Mr. W. T. Gill. Will has the makings of one of the finest farm homes in the town of Pelican and says he only puts in 23 hours a day to accomplish it and when he gets the little "Pine Grove cleaned up will certainly have "A Peach."

Most of the "pumpkin rollers" in the towns of Pelican and Crescent got home sober after spending the "5th" in the city enjoying themselves and some commenced "haying" while others are still busy with the "spuds."

Paul Davis has his new house quite well advanced and will soon have it ready for occupancy.

Dewey Sears has his "pine apples" pretty well harvested for this season and will then devote his time to the "Irish lemon" for a time.

The farmers of Pelican, a portion of them at least, have concluded that horses are a little behind the times and have purchased Ford's as a means of getting somewhere the same day and back. Among the "Up-to-Date" farmers who have purchased machines are Alfred and Jacob Scheidiger and Joseph Coenen who can be seen most any day "splitting the wind."

Miss Sophia Sonastag, is spending the week at the home Mr. and Mrs. Fred Hack in the town of Crescent.

Although not completed the road work between the Grills and Gross farm is at a standstill for a time.

VINEGAR AS A CLEANSER FOR THE WARM DAYS

Housekeeper Should Familiarize Herself With Good Qualities of That Liquid.

Vinegar is useful in many ways other than culinary. It will remove shoe-blackening from clothing. It will remove fly specks from almost anything—windows, picture frames, woodwork, etc.

Vinegar is something of a tonic for the skin, and cures roughness of the skin and chafing if applied after washing the hands. It should be permitted to dry on.

It will soften a paintbrush on which the paint has been permitted to dry. Heat the vinegar to the boiling point and let the brush simmer in it a few minutes. Then remove it and wash it well in strong soap suds.

Vinegar is unrivaled as an agent for cleaning dirt and smoke from walls and woodwork, especially yellow pine. It should be applied with a flannel cloth, and the flannel washed out in clear water as soon as it becomes soiled and before being dipped into the vinegar again. This makes the vinegar an inexpensive cleaner, besides being the most satisfactory way in which the work can be done.

Cream Puffs.

One cupful of hot water, one-half cupful of butter. Boil together, stirring in a cupful of dry flour while boiling. When cold, add three eggs, not beaten. Stir well. Drop by spoonfuls on buttered tins. Bake 20 minutes in a quick oven. Be careful not to open oven door more often than is necessary. This makes 15.

For the filling, take one cupful of milk, one-half cupful of sugar, one egg, three tablespoonfuls of flour. Boil as for any custard and flavor to taste. When both this and the puffs are cold open them carefully at one side and fill. They are delicious.

Orange Pudding.

Peel and cut five oranges into thin slices, taking out the seeds. Pour over them a coffee cup of fine white sugar. Let a pint of milk get boiling hot by setting it in a pot of boiling water. Add the yolks of three eggs well beaten, one tablespoonful of cornstarch made smooth with a little cold milk; stir all the time. As soon as thickened pour over the fruit. Beat the whites to a stiff froth, adding a tablespoonful of sugar, and spread over the top of frosting. Set it in the oven for a few minutes to harden. This pudding is best eaten cold.

Tomato Soup.

One quart can of tomatoes or equal amount of fresh tomatoes stewed together with four cloves, small piece of bay leaf, a few pieces of celery (or celery salt), salt and pepper to taste. Stew 20 minutes. While this is stewing fry a few pieces of onion in three tablespoonfuls of butter for five minutes, then add two tablespoonfuls of cornstarch to this, finally adding all to tomatoes. When thickened strain and serve with crackers. This is nice with beef broth added to tomatoes.

Cherry Salad.

Wipe cherries and remove stems and stones. Fill cavities with almonds and arrange in nests on lettuce leaves.

PREPARATIONS OF FISH THAT ARE IN ORDER.

Dish That Has the Name of Venetian Is Palatable and Nourishing—Directions for Scalloping—Baked Bass or Pickerel.

Venetian Fish.—Chop enough carrot to measure a quarter of a cupful and add the same amount of chopped celery, with two tablespoonfuls each of green pepper and parsley, minced.

Put with a quarter of a cupful of olive oil in a small saucepan and simmer for ten minutes, then spread over a fish that has been split and laid in a shallow, greased baking pan. Sprinkle over it a little lemon juice, salt and pepper, cover, and bake for about half an hour—until the fish is done. Slices of cod or halibut can be used instead of a split fish.

Scalloped Fish.—Steam two pounds of fish until tender and mince. Scald a pint of cream and add two well-beaten eggs and a little four—about a teaspoonful—made smooth in cold milk. Cook over hot water until it is smooth and creamy, cool, and season with salt and pepper. Add the minced fish and a teaspoonful of minced parsley, and put the mixture into individual ramekins, shells or a big baking dish. Sprinkle with fine cracker crumbs and bits of butter, and brown in the oven.

Pickled Salmon.—Boil several pounds of salmon—or cod—and drain and cool it. Add to two or three cupfuls of water in which the fish was boiled the same quantity of vinegar, six cloves, a teaspoonful of whole

pepper, the same amount of allspice, six blades of mace and half a nutmeg, ungrated. Bring to the boiling point, skim, and pour over the fish. When cold it is ready to serve, but it will keep well in a cool place for several days.

Baked Bass or Pickerel.—Chop eight onions fine and mix with half that amount of fine breadcrumbs. Season well with pepper and salt and add two or three tablespoonfuls of finely chopped salt pork and enough chopped tomatoes—freed from juice and the soft pulp, with just the firm part chopped—to make the stuffing red. Add red pepper, and stuff the fish. Bake until tender.

Jellied Trout.—Add a whole clove, some salt, three tablespoonfuls of good vinegar, a slice of onion, to a saucepan half full of cold water and place the trout in it. Simmer gently, so that the fish are not broken. When tender, drain and dip in aspic jelly, and when the first coat of jelly has hardened, dip again. Repeat this until there is a good layer of jelly on each trout.

To Cook Cauliflower. When you are boiling a cauliflower you should leave a few of the tender leaves to make it look pretty. If you take them all off it is rather uninteresting in appearance.

Put it into rapidly boiling water, with the flower face downwards, and a wooden spoon put across the top to keep it from rising.

A young and tender cauliflower will take about a quarter of an hour. An older one from this time to half an hour. Many people serve this vegetable with a plain white sauce, made in the following way:

One ounce of butter, one-half pint of milk, one-half ounce of flour; pepper and salt.

CONFIDENCE is the main problem of life in business. No matter who the business man should be, if the public has no confidence in him he will surely not make a success in his business career. That's why, we urge you to give us a trial, and we will surely get your confidence, and we are more than sure that we can save you money on all your MEATS and GROCERIES every day.

The regular monthly meeting of the Women's Christian Temperance Union will be held on Wednesday afternoon, July 14, at the library rooms. A full attendance of members and others interested is requested, as arrangements for the county convention, which is to be held in Rhinelander, August 19, and 20, will be made. An interesting program is also being prepared.

GROUND IS CLEARED

The old Goulette livery barn on the corner of Brown and King Sts. has been demolished and the ground cleared preparatory for the Eagles' block which will go up on that location. Jerry Driscoll of the town of Pelican purchased the old building and has removed the material to his farm where it will be used in the erection of farm buildings.

DESTROY WEEDS AT THIS TIME

A walk about the city and a glance over the vacant lots as well as on the sides of some of the streets convinces a person that there is need of a rigid enforcement of the weed law here.

The law concerning the destroying of weeds on your property, is very plain. The law says every person or corporation shall destroy, or cut out upon all lands which he or it shall own, occupy or control, all weeds, known as Canada thistle, burdock, white or oxeye daisy, snapdragon, cockle bur, sow thistle, sourdock and yellow dock, mustard, wild parsnip, Russian thistle, wild barley, etc.

After the notice is given by the weed commissioner, if such person or corporation shall fail to destroy any weeds that under the provisions of this section, are to be destroyed within six days after being served with a written notice so to do, by any commissioner, he shall be punished by a fine of five dollars for every day thereafter while such neglect shall continue.

A STEP IN RIGHT DIRECTION

Failing to get satisfactory results by means of correspondence, Marinette county has started an Upper Wisconsin and other railroads which Wisconsin publicity campaign in an effort to induce the C. M. & St. P. get out "literature" advertising western lands, from displaying such posters in the stations in Upper Wisconsin where settlement work is going on.

The Wisconsin Board of Immigration, the State Agricultural Board and Agricultural College. Experiment Stations, and private companies are spending thousands of dollars in bringing the agricultural value of Upper Wisconsin to the attention of the entire country, and part of the work is being nullified by railroads which, while getting an increase of traffic through the settlers, constantly display alluring posters advertising Dakota, Montana, Idaho, and Oregon lands in Upper Wisconsin stations.

Some railroads have been considerate enough to refrain from displaying such posters, even if they could not be induced to devote a part of the advertising appropriation to Upper Wisconsin, but others have persisted in displaying such posters even after receiving requests to stop the practice.

What is true in Marinette county is undoubtedly true in the other counties, and steps have been taken to unite all counties in a demand that the practice be stopped, and also that the railroads devote to settlement work in Upper Wisconsin a proportionate share of their advertising appropriations.

KEEPING THE RANGE SHINY

A Little Work, and the Knowing How, Will Prevent It Ever Becoming Dull or Red.

To a good housekeeper nothing is more unsightly than a dull or red iron range. Much energy is wasted by these same housewives trying, yet not knowing how to correct the trouble. Here is a suggestion:

Let the range cool (not get cold). Scrub it as you would boards, all over the top thoroughly, with hot water and soap; let it dry. Have a thick lamb's wool mitten such as comes for the purpose; slip the hand in it. Rub paraffin wax over the range, then rub it in with the mitten. When there is an even coat, shake powdered stove blacking over it and rub it in with the same mitten. Behold a beautiful, shiny range!

Perhaps it will wear off soon. Do not feel discouraged, for it will last much longer than when polished by the old method, and no vigorous, thorough polishing with brushes; no dust; to say nothing of having clean hands.

This may be done after breakfast. If the fire is used at noon or night just give it a rub with the mitten, not using any more paraffin or powder this time. In the absence of a mitten old underwear serves admirably.

The range should only be scrubbed once before first applying paraffin.

HELLEBORE FOR FLIES

A safe and effective weapon against the typhoid or house fly has been found in powdered hellebore by scientists. Flies lay their eggs chiefly in stable manure. Powdered hellebore mixed with water and sprinkled over the manure will destroy the larvae which are hatched from the eggs. Since powdered hellebore is readily obtainable, this puts in the hands of everyone a remedy for one of the pests that has been found dangerous as well as troublesome. Powdered hellebore, however, will not kill adult flies, which must be swatted or trapped.

It has long been known that flies breed in manure, but previous methods of destroying the larvae there by the use of strong chemicals have been open to the objection that the treatment under some conditions lessened the fertilization value of the manure or actually injured vegetation. This is not true of powdered hellebore. Government experiments have shown that the hellebore is entirely decomposed in the course of the fermentation of the manure, and that even in excessive quantities it does no harm except to the larvae it is intended to destroy.

Chickens picking in manure treated with it suffer no ill effects.

One-half pound of powdered hellebore mixed with 10 gallons of water is sufficient to kill the larvae in 8 bushels, or 10 cubic feet of manure. The mixture should be sprinkled carefully over the pile, especial attention being paid to the outer edges. In most places hellebore is obtainable in 100 pound lots at a cost of 11 cents a pound. This makes the cost of a little less than seven-tenths of a cent per bushel of manure.

Diseases That Ravage Armies.

Modern science has done much to banish disease amongst soldiers, and the scourges of smallpox, malaria and cholera, which in former campaigns have killed more men than bullets, have lost much of their menace for fighting men. There still remain, however, diseases such as dysentery, pneumonia, and enteric, which are likely to break out amongst bodies of troops unless careful precautions are taken by the men themselves.

Work.

Man must work. That is as certain as the sun. But he may work grudgingly, or he may work gratefully; he may work as a man, or he may work as a machine. He cannot always choose his work, but he can do it in a generous temper and with an up-looking heart. There is no work so rude that he may not exalt it; there is no work so impassive that he may not breathe a soul into it; there is no work so dull that he may not enliven it.—Henry Giles.

First Bank Notes.

The Chinese were the first people to issue bank notes. They started in this business 27 centuries before the birth of Christ. One of these bank notes may still be seen in the Asiatic Museum, Petrograd. It is printed in blue, on white paper made from mulberry tree fiber. Round the margin is a motto which rather indicates that the first Chinese bank was of Scotch origin. It reads: "However much you may possess, strive to be thrifty."

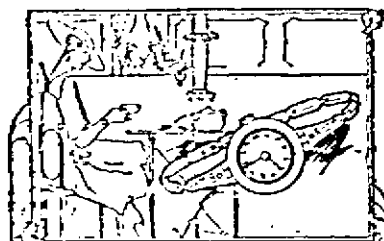

Dig Deep for Mineral Wealth.

Michigan is said to have the deepest mines in the world, but ore is being mined at the depth of 5,000 feet in the Catlin shaft, the deepest gold mine of the Witwatersrand in South Africa. Considering the small and uniform increase in temperatures in this shaft and the fact that there are apparently no mechanical barriers, it is believed that mining can be carried on at a profit at a depth as great as 8,000 feet.

Bracelet Watches

HOW hampered one is without a watch! Still one does not always have a place to carry an ordinary watch. Dresses do not have watch pockets and chateaux pins are frequently inappropriate.

A bracelet watch is the only solution.

ALWAYS suitable for the occasion, always available for wear, and always convenient to look at, a Wrist Watch belongs in every woman's jewelry case. Why be without such a necessary bit of jewelry when it may be had so reasonably. Very serviceable nickel watches come as low as \$2.50. Our gold ones are proportionately low in price. Good taste in jewelry is not necessarily expensive.

New Designs In Cut Glass Just Arrived

PRACTICALLY all railroads compel their men to carry watches that are known to have a high standard of accuracy.

The Hamilton Watch

"The Railroad Timekeeper of America"

Nearly 50 per cent. of the watches on American railroads are Hamiltons.

Prices for Hamilton movements only range from \$12.25 to \$60.00. Hamiltons complete, from \$38.50 to \$125.

If you are interested in good watches, we will gladly show you our stock of Hamiltons.

Engineer Cooks of the Chicago & Alton's famous "Red Hammer" has carried a Hamilton for years.

Build Your Foundation

YOU cannot expect to become a success in a night. Permanent success is an accumulation of years of effort and preparation. The man or woman who succeeds—who reaches the top, must travel towards this coveted goal step by step.

Without a foundation your life lacks the permanency, lacks the depth which is so necessary in order to make life worth while. The very foundation of every man's existence depends upon saving and the permanency of that foundation rests on how strictly he adheres to the saving principle.

We will help you save. Talk it over with us.

Three Lakes News --and This and That

David Nelson was in Rhinelander
on business Friday.

Miss Frances Bartlett and Frank
Korzelius Sundayed in Gagen this
week.

Miss Fannie Erickson spent the
Fourth among friends and relatives
in Rhinelander.

Mrs. Leon Adams of Chicago ar-
rived here with her children to
spend the entire summer.

Amasa Campbell is here to work
with his team on the Rhinelander
road.

Vivian Lawrence is home for the
summer vacation.

The dance given at the Korzelius
hall was a great success. The weath-
er was ideal and encouraged a
large crowd to attend. Six auto
loads of Eagle River took in the
dance. Stecker's orchestra of Apple-
ton furnished the music.

Jas. Donnelly left Saturday morn-
ing for Oshkosh where he will con-
sult a specialist on his recent ill-
ness. His daughter Bernice accom-
panied him to Oshkosh. Mr. Nash,
father of Mrs. Donnelly, is looking
after Mr. Donnelly's farm during
his absence.

Art Hadcliffe spent the Fourth of
July with his folks in Eagle River.

Fred Piel of Gagen was a visitor
among us last week.

Mr. Abernethy who has been in our
town for the month past has return-
ed to his home in St. Joe, Mich.

J. C. Small was in Rhinelander
Saturday.

Oscar Peterson and sister came
up from Antigo to attend the dance
at W. Golembeski, wife and daughter
Jennie, were in Rhinelander this
week. Chas. Burzinski went with
them and a marriage license was
issued to Chas. and Jennie. The wed-
ding bells will ring for them July
12th.

The summer home of Frank Feder-
er on Hange Line lake was de-
stroyed by fire in the night of June
20. R. J. Wunderlich and family
have been living in this place for
the last three years. Both Mr. and
Mrs. Wunderlich were out of town
at the time of the fire. The place
was covered by insurance to the
amount of \$2500.00. J. M. Korzelius,
agent.

Our depot has received a new
coat of paint, which improves it
wonderfully.

W. A. Beall is the latest purchas-
er of a Ford.

Mrs. Everett and daughter Edna
arrived here this week to spend the
summer in their home near Maple
lake.

Mrs. E. S. Campbell was in
Rhinelander shopping this week.

We understand that some culprits
have helped themselves to some of
the things in Mr. Frederick's sum-
mer home on Dog lake. Such things
are deplorable and those guilty are
entitled to the full extent of the law.

Paul Waldbogel, a friend of Mr.
Htons, while staying at his place on
White Fish Lake, was called home by
a message saying that his little son
had fallen and broken an arm.

Mr. Glowacki and family have re-
turned to their home in Chicago.

Among those who went away for
the Fourth were: John Mushinski,
Ben Pomas and Chas. Helm.

Harry Aldrich and family motor-
ed to Eagle River to take in the
Fourth of July doings in that city.

Mr. Fope was also one of the party.

W. D. Juday visited our town be-
tween trains looking over the ex-
perimental station and giving a
counsel to our farmers.

C. G. Kuney and wife have return-
ed from their trip to the southern
part of the state.

Percy Morgan of Eagle River was
in town during the week doctoring
Mr. Donnelly's sick colt.

F. S. Campbell is erecting a silo
for Mr. Kellogg on Crooked lake.

The whole crew of S. A. Wright,
who is working on the county road
east of here, spent the 4th of July
in Rhinelander. Sid had to stay and
take care of the house and horses.

Mrs. Rieth and Miss Ethel Kelley
spent the 4th in Eagle River.

Dr. F. V. Watson and family of
Antigo spent the week end visiting
with the Neu family. Although it
is the first the Dr. was in our village
he is not a stranger in it. He has
treated a goodly number of our cit-
izens for various ailments, and has
never failed to send his patients
home in good shape.

Alex Stypczynski was on the sick
list this week.

Jas. Gagen and wife from Antigo
were here visiting friends and rela-
tives.

Four carloads of Three Lakes vil-
lagers attended the dance at Eagle
River July 5th. All reported a good
time.

Joe Stanley is now helping Dell
Brewster build his new barn. Dell
says he will have all the modern
improvements for his cattle.

questioned and examined by the
physician complained of pain in the
back and "stomach". Finally a di-
agnosis of chronic appendicitis was
made and an operation was per-
formed. There was no improvement.

The child continued to complain
of pain and weakness in the back,
and the physician suspected tuber-
culosis of the spine. Inasmuch as
an aunt, a trained nurse, was work-
ing among deformed children in a
far-away city, the parents sent the
child to visit the aunt and to secure
treatment.

On examination, the surgeon (a
specialist in deformities) failed to
find any evidences of spinal disease
except the weakness and unwilling-
ness of the child to stand and use
her back to any extent. When he
finally induced her to get out of
bed, his attention was attracted by
the condition of her feet. He found
the arches badly flattened and in-
stead of the feet being pliable and
easily movable, they were some-
what rigid and sensitive to gentle
motion. Treatment of the feet, mas-
sage, and later support of the arch-
es, caused all symptoms and fear
of serious spinal disease to disap-
pear.

This is a rather extreme example
of a condition of the feet which
frequently handicaps and may make
a helpless invalid of a person whose
primary trouble is not at all difficult
to correct. I don't know why peo-
ple should be so neglectful of pain-
ful feet, unless it be their notion
that nobody who wears shoes is
really comfortable. And perhaps
there is some warrant for such be-
lief.

Certain it is that a pair of painful
feet causes the owner to avoid ex-
ercises and play, which are so im-
portant in maintaining the bodily func-
tions in a healthy condition. Par-
ents whose children do not show a
ramp and play should look to shoes
and feet for a possible explanation.
Most people look to unusual and
important-sounding causes for im-
paired and students know that frequently
apparently rival causes are the
most important. Recently, in the
course of a discussion similar to this
one a very competent and success-
ful physician said: "Science is al-
ways simple. Frequently we fail
to understand because we ignore the
things right under our eyes and are
blind to everything but the myster-
ious."

MUSIC IN GRANGE

(By E. K. Reik in the Antigo Journal)

Music is considered one of the high-
est of the arts. Everybody has a
tendency, to some extent, of appre-
ciation and attraction to musical
sounds whether made by the human
voice or some musical instrument.

The fact that this Grange is an as-
sociation in which the entire family,
both old and young, can participate,
and give some mite of entertainment
or instruction, makes a place, also,
where nearly everyone, according to
his or her ability, can help to make
the music of the Grange an especially
entertaining and pleasing feature of
each meeting.

For this reason a special effort on
the part of some members who have
some knowledge of music and who are
able to sing, or have a desire to do so,
can be productive of good results.

Of course it is desirable, to have
every member present to do the best
in helping the singing. But, I would
earnestly recommend that a choir of
four to eight members be organized
and hold extra meetings or rehearsals,
practicing the songs in the Grange
Song Book so that the four parts, so-
prano, alto, tenor and bass, are learn-
ed.

Judging by the special song num-
bers which were given at the State
Meeting, in Antigo last December, by
several of the Subordinate Granges,
I think this feature is being carried
out by one or two of the Granges.

But why not have a choir in every
Subordinate Grange? Nearly every
one can sing the air to some well
known song, or one or more of the
so-called popular songs, and by little
help and practice can learn one of the
parts of a four part song.

The singing of one of the harmony
parts, of a four-part song, however,
requires some extra ability, but it is
a kind of ability that anyone may be
proud to possess and be willing to use
for the entertainment of others.

And after you have your choir, or
chorus club organized, and are in
your position at the piano to sing
your number, please arrange yourself
so that you face the meeting and not
huddle about the piano with your
backs to the audience.

COUNCIL PROCEEDINGS

June 30, 1915.

At a special meeting of the Com-

MONICO

Mrs. Richard Krantz passed away at the hospital at Rhinelander Friday afternoon, at a quarter to five, after a long illness for several years.

She was sixty-four years old, and had lived here for almost twenty-five years, with her husband, who still survives. The funeral was held at Rhinelander, at the Catholic church, Monday morning, at eight o'clock, with interment at that place.

Those who attended funeral from here were Mrs. M. Stevens, Mrs. Grossman Sr. and Mr. Graef. The relatives present were a brother of

ANOTHER advantage of living in these days—the *Real Tobacco Chew*. Satisfaction at last for the man who has wanted the good tobacco taste.

There's a large amount of satisfaction in a mighty small chew. So it's no wonder men are telling friends about it.

A little chew of pure, rich, mellow tobacco—seasoned and sweetened just enough—cuts out so much of the grinding and spitting.

THE REAL TOBACCO CHEW IS NOW CUT TWO WAYS!!
 W-B CUT IS LONG SHRED, RIGHT-CUT IS SHORT SHRED.

Take less than one-quarter the old size chew. It will be more satisfying than a mouthful of ordinary tobacco. Just take a nibble of it until you find the strength chew that suits you, then see how easily and evenly the real tobacco taste comes, how it satisfies, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is *The Real Tobacco Chew*. That's why it costs less in the end. The taste of pure, rich tobacco does not need to be covered up. An excess of licorice and sweetening makes you spit too much.

One small chew takes the place of two big chews of the old kind.

(Notice how the salt brings out the rich tobacco taste.)
